

## **Plan for Use of ESSER III Funds**

### **Staffing**

- Summer (2022 and 2023) salary to a current teacher to develop plans to address inequities in learning due to COVID-19.
- Summer (2021) salary to develop a more robust peer tutoring program to provide an academic support system to new junior students.
- Summer (2022, 2023, 2024) salary to a current Math and current English teacher to develop summer programming in Math and English to address learning loss in these subjects.
- Academic year (2021-22, 2022-23, 2023-24) salary to a graduate assistant in the Academy's Mental Health and Support Services office.

### **Technology and Supplies**

- Purchase of student laptops to provide a low-cost rental opportunity to students and families without a laptop.
- Purchase of classroom computers to increase learning with technology opportunities.
- Purchase of supplies by the Academic Guidance office to assist in working one-on-one with students to address learning loss.
- Purchase of supplies by the Academic Guidance office to assist students in time management and organization skill-building.
- Purchase of books and other reading materials to start a library of resources to address inequities in learning faced by students.
- Purchase of software to more efficiently provide mental health services to students.
- Purchase of materials to complete an internal audit on inequities in classroom learning due to learning loss from lost classroom time during the COVID-19 pandemic.
