

The following is a list of websites for institutions that offer online high school classes. These institutions have been approved as providers of online health, physical education, or fine arts courses for students at the Indiana Academy. Please check the websites for important information concerning course offerings, enrollment policies and procedures, as well as the fee structure for taking courses.

Enrollment in an online course to complete graduation requirements for the honors diploma must first be approved by the Assistant Director of Academic Guidance at the Indiana Academy and a Core Course Substitution Form completed and on file with the Guidance Office (this form is available from the Guidance Office.)

Acceptable institutions which offer approved online health, PE, and fine arts courses for perspective and current Indiana Academy students:
